## PROFILE

As a proactive and dedicated individual with a strong foundation in computer science and engineering, I have gained valuable experience in managing hackathons, teaching, and leading teams. My roles as a volunteer at CodeDay and Fire House Captain have honed my leadership, communication, and problem-solving skills. Passionate about continuous learning and development, I am eager to leverage my skills and experiences to contribute effectively in a dynamic professional environment.

## EMPLOYMENT HISTORY

### CodeDay

July 2022 — Present

I have volunteered for two CodeDay events in Nashik, where I gained valuable experience in managing hackathons and handling multiple responsibilities. Both events lasted for 24 hours, and our team successfully organized them, overseeing the registration of nearly 250 participants. Throughout these hackathons, I honed my skills in teaching and problem-solving, often addressing issues on stage and guiding attendees through coding challenges. Additionally, I gained practical experience in managing event logistics, such as ensuring the availability of resources and food supplies, and swiftly resolving any unforeseen issues. These experiences were immensely rewarding, contributing not only to the success of the events but also to my personal development and growth.

### Fire House Captain at Wisdom High International School

August 2021 — Present

As a Fire House Captain at Wisdom High International School, I gained valuable leadership experience. I learned how to handle emergencies, make quick decisions, and effectively communicate instructions. Collaborating with teachers and students improved my teamwork and communication skills. The role instilled in me a strong sense of responsibility, motivating me to take on tasks and make a positive impact. Overall, being a Fire House Captain was a rewarding experience that enhanced my leadership abilities and taught me valuable life skills. I am grateful for the opportunity to serve in this role and for the valuable lessons and experiences it provided me.

## EDUCATION

### Diploma in Computer Science and Engineering, Government Polytechnic Pune

August 2023 — Present

### Grade 10, Wisdom High International School

April 2022 — March 2023

94.60 %

## EXTRA-CURRICULAR ACTIVITIES

### District-level Table Tennis Team Competition Winner at Government Of Maharashtra, Nashik

November 2022

Winning the District-level Table Tennis team competition was an incredible experience for me. It improved my table tennis skills, taught me the importance of teamwork, and boosted my confidence. The victory opened doors to new opportunities and created lasting memories. Overall, it was a valuable experience that positively impacted my personal growth and future endeavors.
